This Is Not Just a Turkey: Original Keepsake Poem Printable

Original printable - Personal and classroom activities

This little bird holds colors bright,
And thoughts I chose to share.
I made each mark with you in mind,
A paper gift of care.
When autumn days have slipped away,
This page can help you see:
A thankful thought, a handmade bird,
And one small part of me.

Add your name, the date, and one thing you are thankful for. Draw or attach your own turkey craft in the blank space.
